

# INFOBOOK

**PIANCARDATO**  
**28 AUGUST - 3 SEPTEMBER**

*OFFICIAL SPONSOR*

## **FIREARM STORAGE**

When not in use during the competition, firearms must always be in a safe condition, stored in their cases, and never abandoned. They must be transported in a case without the magazine and always with the safety flag inserted, both during movement and on the rack. The flag is only removed by the Range Officer (RO) before the Course of Fire (COF) and in the safety area by the armorer.

## **STAGE ACCESS**

Permission to enter is granted by the RO when the previous team has left the area. Access to stage areas is allowed only for the shooters of the active team, the minor's (junior's) accompanying person, and potentially the team leader of the engaged national teams. Once the shooting phase begins, no further access is allowed.

## **CHAMBER FLAG**

It must remain inserted until the RO's instruction "load and make ready" and must be reinserted at the end of the exercise BEFORE making any movement.

## **SAFETY AREA**

Maintenance, checks, and cleaning of firearms must be conducted in a specifically designated area marked as SAFETY AREAS. Ammunition is not allowed in this area. Special needs must be authorized by the Match Director (MD).

# **GENERAL SAFETY RULES**

## **BEHAVIOR OF NON-ACTIVE SHOOTERS IN THE ENGAGED TEAM**

Shooters waiting for their turn must maintain absolute silence to avoid disturbing the shooter in action.

## **FIREARM IN THE STAGE**

A rack and/or support surface are provided on the stage. The inactive firearm should be placed there while the shooter is awaiting their turn.

## **TIMING**

The starting times on the morning (8:00 AM) and afternoon (2:00 PM) stages as indicated in the book are binding. They must be strictly adhered to, unless otherwise indicated by the MD. Absence of the shooter from the stage results in a score of "0" for that stage.

## **ALCOHOL TEST**

At any time, competitors may be subject to alcohol testing by the ROs if deemed necessary.

# ***NOTES FOR THE SQUADS***

- The shooting order is as indicated in the infobook provided to you.
- During the stages, the following shooter must be immediately ready as soon as the preceding one has completed the exercise.
- The shooter is required to begin the exercise no later than 30 seconds after the stage becomes available.
- All shooters must maintain silence during the exercises.
- Absolute respect for safety angles is essential.
- Once the exercise begins, no movement unrelated to the exercise itself should be carried out independently. Only the R.O. (Range Officer) is authorized to give necessary commands.
- The magazine can hold a maximum of 10 rounds, any spare rounds can be loaded into a second magazine or kept in the shooter's bag.
- The shooter is required to sign the paper document and validate the registration on the tablet containing the exercise results.
- In the morning, shooters must be at the stages by 7:50 AM.
- After the first 5 stages, there will be a break.  
In the afternoon, shooting operations for the remaining 4 stages will begin at 2:00 PM.
